

## TRANSITION TEAM

The Transition Team will meet within 30 days of the Called Session of Annual Conference to make task assignments based upon skills, gifts and call, establish a timeline to accomplish task research and advise the Bishop and District Superintendents. They will also schedule and meet with local churches and pastors in each District to receive advice and suggestions. The representative(s) from each District will meet along with the District Superintendents to receive input, communicate the progress being made in transitioning and hear how we can best be supportive of one another in making disciples of Jesus Christ from the local churches and Pastors. This will be an on-going process determined by need.

### Transition Team Tasks

Legal

Property Matters

District Officers

District Funds

Training Centers

Organizational structure and Impact on Conference Structure
